TECHNICAL SKILLS

Languages: JavaScript, PHP, HTML5, CSS3

Frameworks: React Js, Node Js, Express Js

Databases: MongoDB

Developer Tools: Git, Docker, VS Code

Libraries: Redux, React Router

Additional Skills: Microsoft Azure, AI, Figma, Vultr, Debugging, Cross-browser Compatibility, Performance Optimization, Project Management

EXPERIENCE

Software Engineer - Objectide Private Limited

February 2023 – Present

Technologies Used - ReactJs, JavaScript, NodeJs, PHP, MongoDB, Docker, Microsoft Azure, Vultr, Figma, HTML5, CSS3

- Translated multiple complex Figma designs into a fully functional and responsive web application.
- Worked with Microsoft Azure to connect and manage cloud storage, and set up Azure Active Directory for secure login using Microsoft accounts across various platforms.
- Utilized Figma API to transform design prototypes into fully functional web pages, ensuring seamless integration and user experience.
- Enhanced website performance and cross-browser compatibility, resulting in a visually appealing and seamless online presence. Achieved a 30% reduction in page load time.
- Collaborated with UX/UI designers to translate design wireframes into functional components
- Spearheaded the development of a library of 20+ reusable components with backend functionality, speeding up development cycles by 30%, enhancing maintainability by 40%, and ensuring uniformity in design throughout
- Had the opportunity to work alongside developers, designers, and product managers on multiple endeavors.
- Contributed to the development of new features, conducted code reviews, and provided technical guidance, resulting in a 20% increase in user engagement.
- Led the development of multiple administrative functionalities, significantly reducing administrative workload and enhancing management efficiency. This resulted in a 30% reduction in administrative time and a 25% increase in management productivity
- Directing the ongoing development of a project, actively collaborating with the client to gather feedback and discuss project progress, resulting in client satisfaction.
- Serving as a key liaison between the development team and the client to incorporate preferences into the evolving solution.

Front-end Developer - Fascoon Edu Private Limited

February 2022 – February 2023

Technologies Used - ReactJs, JavaScript, HTML5, CSS3

- Engineered a responsive web application from complex Figma designs, employing HTML, CSS, JavaScript, and ReactJs. Streamlined performance and cross-browser compatibility.
- Designed and implemented an educational technology platform allowing students to access and view video content directly from the website.
- Integrated Razorpay payment gateway to facilitate seamless transactions for users.
- Proactively identified and addressed critical issues, leading to enhanced user experience, and a 35% increase in satisfaction.

EDUCATION

Bachelor's Degree in Commerce- Mumbai University, Graduation Year - 2022

Higher Secondary Certificate (HSC) - February 2019
